

DeNovo Business Portal

Access your important data anytime, anywhere.

Automatic Updates

No need to do manual updates. DeNovo will notify you when an update is available, and your Dejavo payment device will automatically download the latest software.

Batch Notification

Away from your business? No problem. Your Dejavo payment device automatically sends you an email confirming your settlement and a summary of transactions. Login to your DeNovo account to view full batch and transaction data. It's fast and secure.

DejaPay

Secure payment engine designed to add points of entry for payments “on the go.” Ideal for “line busters” from your mobile device to your countertop terminal or even outside your shop with a Dejavo wireless device.

Call Me

There is no need to spend time on hold waiting for the help desk. Send a Call Me request through your Dejavo payment device to have a representative call you instead. Communication problems? Send a Call Me request from your mobile phone or computer.

CLOUD CONNECTIVITY ON THE GO.

DeNovo is a complete back-office business system in the Cloud. Receive automatic software updates. Set Risk flags for real-time notification of risk review. Easily capture and upload digital signatures in seconds. DeNovo saves you time and time is money when you're running a business.
