SPin
POS Conduit

The worry-free integration tool
A fast, easy, and secure semi-integrated EMV solution.

SPIn simplifies payment integrations

SPin is omni-channel and that means developers need just one solution for in-store, online, mobile and back-office solutions. REST API, JSON, and XML interface options. Turnkey API.

SPIn is easy

Direct payment processing certified and maintained by Dejavoo. Forget manual updates. SPin's auto-update feature keeps the latest version of the software ready to go.

SPIn is fast

Lightning-fast connectivity (under 1 second). Fast transaction upload and reporting, USB, Ethernet, WiFi, Bluetooth, 3G and 4G connections.

SPIn is secure

SPin maintains PCI DSS compliance in all Dejavoo terminals. And there's more including, digital receipt repository, risk management, and email batch notifications with DeNovo Services.

SPIn FOR ISVs

A single SPin integration gives an ISV access to hundreds of features, our entire line of POS terminals, processor certifications, Apple Pay, Google Wallet, and more. SPin is available across all terminal lines.

We have the technology ISVs need. Contact us today to get started.

Have questions or need help?
A dedicated SPin support team member will be with you every step of the way.
