iPOS Systems
Payment Transaction Solutions

iPOSpays for Restaurants.

Innovative, Secure, and
Affordable Payment Solutions.

iPOSpays
Payment Gateway Services

iPOSpays makes it easy for restaurant owners to take control of their time and their business with a wide range of features for restaurants of all types and sizes.

Tap to Pay with iPOSgo!

Tap to Pay with iPOSgo! is an ideal mobile payment solution for food delivery. Accept payments anywhere with only an iPhone or Android mobile phone - no external hardware needed.

Website Integration

Restaurant owners can minimize lost revenue from missed reservations by using iPOSpays. Validate and tokenize a customer's card during booking through a hosted payment page on the restaurant's website then easily charge a fee for no-show reservations.

Efficient Tip Management

Streamline tip reporting and ensure tip income is never missed with iPOSpays. Customers can easily select tips during transactions, whether at the POS, through the CloudPOS or Send Payment Link options.

Simplify Tip Reporting

Effortlessly manage tips by tagging server IDs or table numbers to the appropriate transactions for easy tip report generation. Servers can view their tip income directly from the POS before their shift ends, enhancing efficiency and accuracy in record-keeping.

From convenient keypad payment terminals suitable for wet hands to a hassle-free "Send Payment Link" option for MOTO (Mail Order/Telephone Order) transactions, iPOSpays offers a wide range of device options to cater to every payment scenario a restaurant business might encounter.

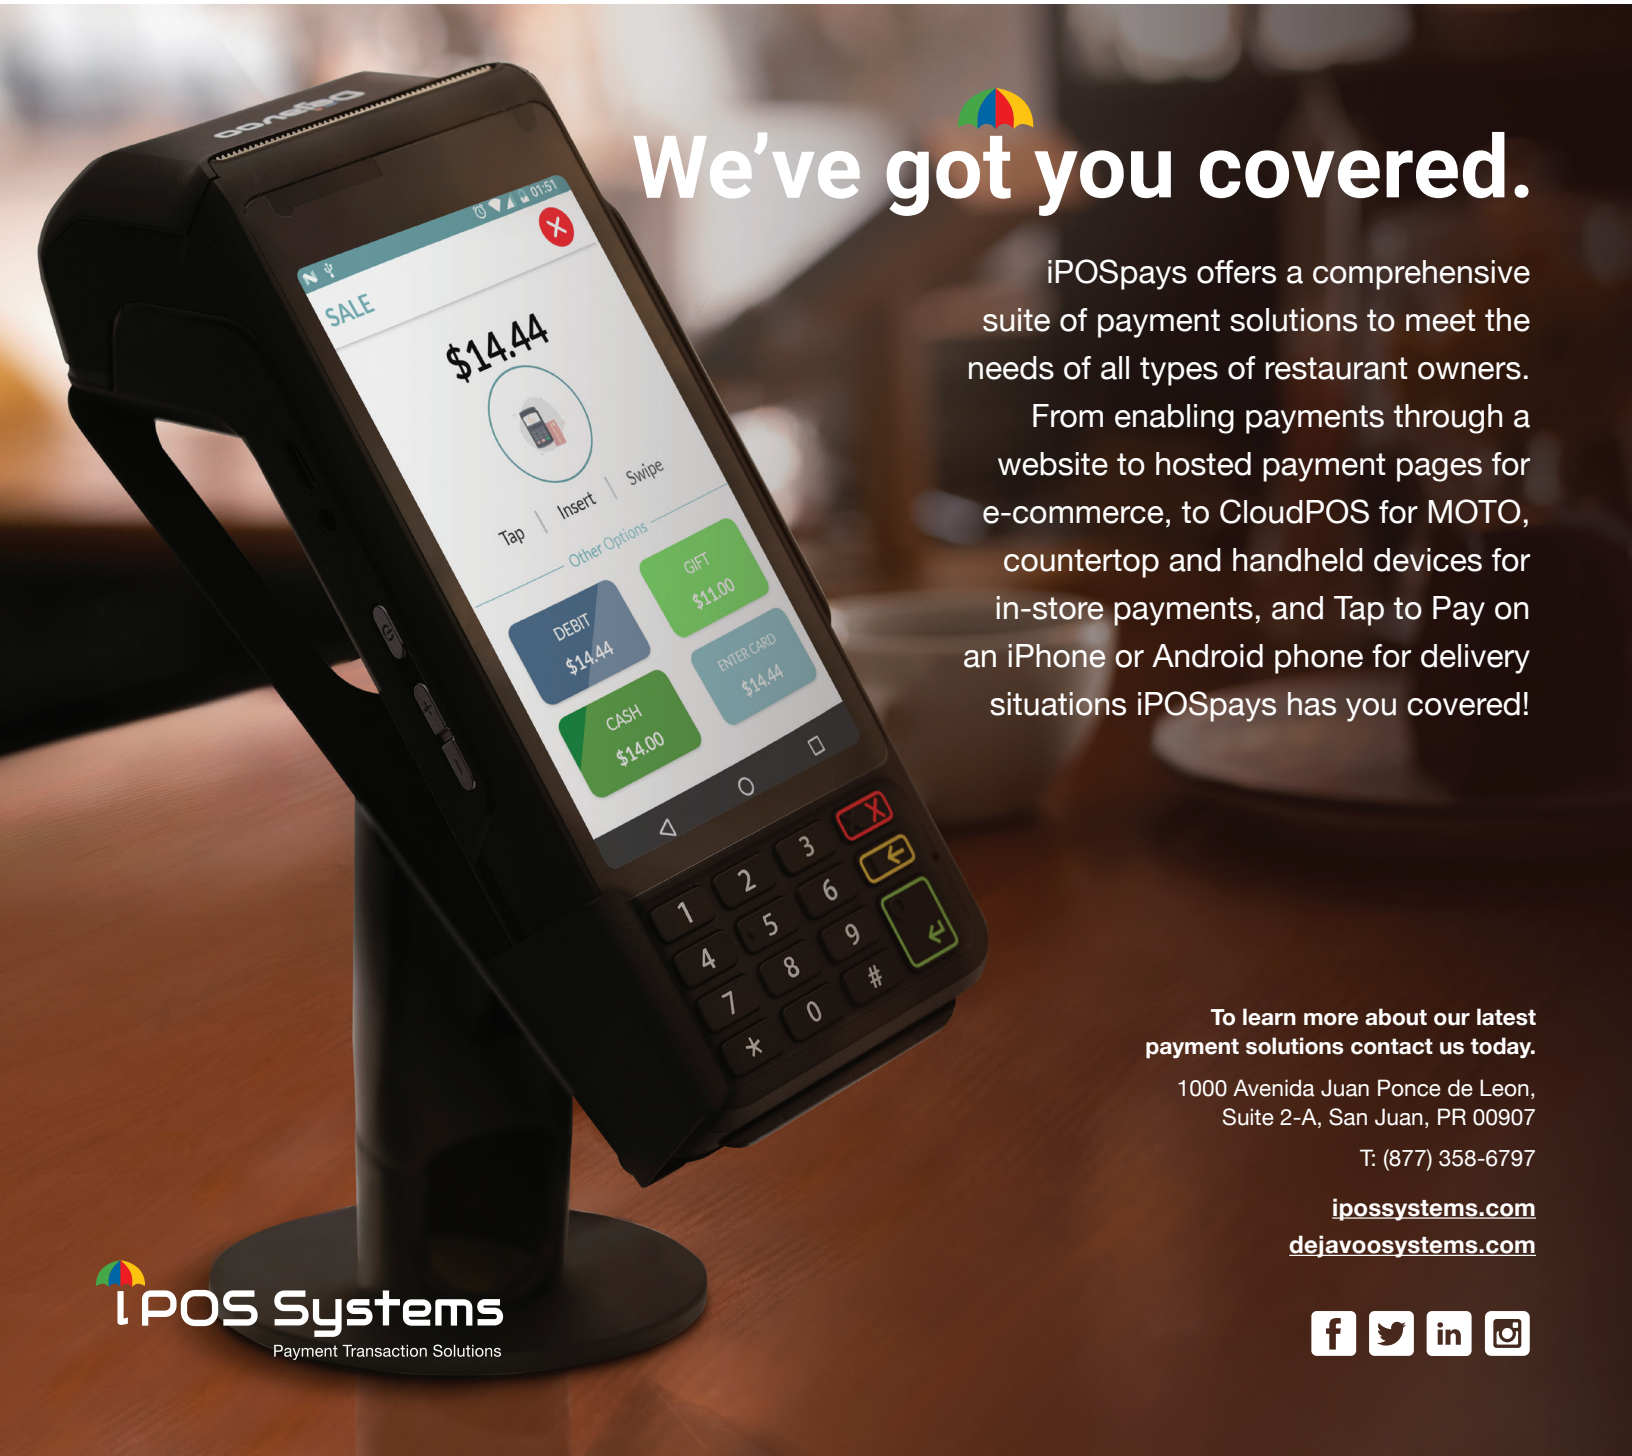
Multi-store Management

Simplify the complexities of managing a multi-location restaurant operation with iPOSpays. Monitor daily sales, streamline batch closure, and gain valuable insights into sales across all locations from one centralized platform.

QuickBooks Integration

Eliminate time-consuming manual entry with iPOSpays' seamless integration with QuickBooks. Experience real-time transaction posting from the POS, or Virtual Terminal, streamlining record keeping saving time and money.



We've got you covered.

iPOSpays offers a comprehensive suite of payment solutions to meet the needs of all types of restaurant owners. From enabling payments through a website to hosted payment pages for e-commerce, to CloudPOS for MOTO, countertop and handheld devices for in-store payments, and Tap to Pay on an iPhone or Android phone for delivery situations iPOSpays has you covered!
